# TREADMILLS

## CT800+

The CT800+ commercial treadmill has a reputation for reliability and value that meets your space and budget needs. Weighing in at 173 kg, this machine is truly heavy-duty and packs a load of premium features that keep clients happy. The top control panel boasts a simple and intuitive design with direct speed and incline buttons, multiple storage options for water bottles, phones, and other accessories, as well as a built-in fan that helps keep users cool. The ergonomically positioned hand pulse sensors let users easily monitor vital stats, while a variety of built-in programs allow nearly endless workout customization to suit a wide range of fitness levels.

### FEATURES

- Bright white multi-window LED console is easy to read and simple to use.
- Direct speed and incline buttons make workouts more efficient.
- Contact and wireless heart rate options to help keep clients in their safe and effective training zone.
- Spacious 560 x 1525mm workout area to accommodate tall individuals.
- This unit comes equipped with a 3.0HP AC Drive with grade H insulation.

## CT800ENT+

The CT800ENT+ treadmill includes an impressive combination of functional and technological advancements in a budget friendly treadmill. The oversized 15.6" touchscreen entertainment display allows users to screen mirror from their phone so they can watch whatever they want. Pre-loaded apps also give users the ability to stay entertained with popular streaming, news, and social media content. And if that isn't enough, the facility can enable the ability to watch cable TV through an HDMI and cable box connection.

### FEATURES

- Large 15.6" touchscreen with screen mirroring, TV, and streaming/news/social media apps.
- Multi-ply commercial belt for superior belt life.
- 3 different workout display modes give users a variety of workout feedback.
- Spacious 560 x 1525mm workout area to accommodate tall individuals.
- This unit comes equipped with a 3.0HP AC Drive with grade H insulation.

# ELLIPTICALS

## CE800+

The CE800+ was specifically engineered for the commercial environment, from its heavy-duty steel frame to its premium console features. Its design focuses on convenience, comfort, reliability, and aesthetic appeal. Facility owners will have the peace-of-mind knowing they have a dependable machine while users experience a fluid total-body workout.

This unit uses a generator to power the console. Therefore, there is no need for an electrical hookup. Dual track with shielded concave roller wheel system for superior stability and durability.

### FEATURES

- Smooth, quiet 508mm stride, which is the optimal distance for the average user.
- Generator powered console means there is no need for electricity.
- Dual rollers on each pedal arm for a sturdier base.
- 2 degrees of inversion at each foot pedal places the user in an anatomically correct position.
- 40 levels of resistance to satisfy the needs of beginners or advanced exercisers.

## CE800ENT+

The CE800ENT+ elliptical trainer incorporates touchscreen technology on a large 15.6" entertainment display. Users can screen mirror from their phone so they can watch whatever they want. Pre-loaded apps also give users the ability to stay entertained with popular streaming, news, and social media content. Connects to third party apps via Bluetooth FTMS. And if that isn't enough, the facility can enable the ability to watch cable TV through an HDMI and cable box connection.

### FEATURES

- Large 15.6" touchscreen with screen mirroring, TV, and streaming/news/social media apps.
- 3 different workout display modes give users a variety of workout feedback.
- Connects to third party apps via Bluetooth FTMS.
- 2 degrees of inversion at each foot pedal places the user in an anatomically correct position.
- 40 levels of resistance to satisfy the needs of beginners or advanced exercisers.

## CE850+

The CE850+ adjustable stride Elliptical Trainer combines our robust and compact front-drive elliptical design with the ability to customize your ideal stride motion from 457-610mm. Our narrow pedal spacing (Q-Factor), large cushioned pedals, and ability to simulate a walk/jog/run through electronically adjustable stride adjustment combine to give you the ultimate cardio workout for your users.

### FEATURES

- Electronically adjustable stride length from 457-610mm.
- Multi-position hand grips with remote resistance and stride controls.
- 20 levels of resistance to satisfy the needs of beginners or advanced exercisers.
- Dual track with shielded concave roller wheel system for superior stability and durability.
- 2 degrees of inversion at each foot pedal places the user in an anatomically correct position.

## FOOT PEDALS

Our pedals have 2° of inversion that help place your body into an anatomically correct position throughout the workout.

# ROWER

## CRW800+

The CRW800+ Rower combines a long list of high-performance features with a reliable design. From the convenience of the 508mm frame height and folding storage design to the combined air/magnetic resistance and remote handle controls, the CRW800+ is sure to impress. It is the perfect addition to a corporate fitness/recreation center, school or hotel because the ease of use and resulting unparalleled full-body workout are second to none.

### FEATURES

- Air and magnetic resistance (16 levels) for smooth and consistent operation.
- Wireless remote handle controls allow quick changes to resistance.
- Built-in generator, no plug required.
- Commercial grade handle strap is both smooth and reliable.
- Fold-up frame design for easy storage.

## EASY STORAGE

A heavy-duty steel frame built to withstand the wear and tear of a commercial environment and folds up for easy storage.

## LARGE SEAT

Large contoured seat for ultimate comfort and a convenient 508mm frame height to get users on and off with ease.

## LCD CONSOLE

5.5" LCD, adjustable console angle and console arm - edit edit.

Console	5.5" LCD, adjustable console angle and console arm
Programs	Manual, Distance, Time, Calories, 20/10 Interval, 10/20 Interval, Custom Interval, Fat Burn, Cardio, Strength, Game
Heart Rate	Telemetric compatible (chest strap sold separately)
Resistance	Air and Magnetic (16 Levels)
Power	Self generating, 2 C batteries required (not included)
Seat	Contoured and Padded
Footrests	Flex pedals with numbered settings
Flywheel System	Φ200, 3.5kg
Frame	High-Strength Steel with Durable Powder-Coat Paint; Aluminum Monorail
Dimensions	2388 x 457 x 965 mm (1346 x 457 x 1803 mm folded)
Product Weight	43.5kg / 95lb
Max. User Weight	205kg / 450lb

# STEPPER

## CS800+

The CS800+ Stepper combines the familiar dependent stepping action with an arched step-rail design to give you an incredibly comfortable and space-efficient cardio unit.

The updated console design with all white LED provides a cleaner display for important metrics, while a USB charger and Bluetooth BLE4.0 provide increased connectivity and technological enhancements. Plus a new dual cup holder/tray to keep important items at hand during use.

### FEATURES

- 410mm maximum step height with 20 levels of resistance satisfy the needs of beginners or advanced exercisers.
- 2-degrees of inversion at each foot pedal places the user in an anatomically correct position.
- Arched step-rail design allows for a more natural stepping motion.
- Shielded concave roller wheel system for superior stability and durability.

## FOOT PEDALS

Oversized cushioned foot pedals for a comfortable feel and that provide a smooth movement pattern.

## DURABLE FRAME

Heavy-gauge high-strength steel frame with durable powder-coat paint means this stepper is designed to stand the test of time.

## LCD CONSOLE

The console features a large easy-to-read display with a variety of program options for users of all fitness levels, an integrated fan to keep clients cool, and a USB charging port for keeping their device charged.

Console	Large multi LED windows
Programs	Steps, Vertical Distance, Calories, Watts, Pulse, METs, Time Elapsed, Time Remaining Program Profile, SPM, Level
Heart Rate	Telemetric compatible (chest strap sold separately)
Resistance	20 levels
Power	AC 100~240V / 50~60Hz
Bluetooth	Bluetooth FTMS (connects to fitness apps)
Pedals	Oversized and padded
Flywheel System	10.5kg
Frame	High-Strength Steel with Durable Powder-Coat Paint; Aluminum Monorail
Dimensions	1400 x 810 x 1700mm / 55" x 32" x 67"
Product Weight	84kg / 184lb
Max. User Weight	205kg / 450lb

## CRS800S+

The CRS800S+ Recumbent Stepper makes total-body exercise accessible for a wide variety of users. Regardless of age or physical ability, the CRS800S+ offers a variety of features that take the effort out of getting on and working out. The step-through frame design, retractable arm rests, and swiveling seat assembly allow easier machine entry/exit. The self-adjusting 2.5 to 32 cm linear step range not only accommodates limitations in range of motion, but also helps accommodate users of various heights. Multi-grip adjustable handles, oversized cushioned pedals with adjustable straps, adjustable armrests, and a 4-way adjustable high-density foam seat with 360-degree swivel create a comfortable workout experience.

### FEATURES

- Linked upper and lower body linear pattern with a 1 to 1 ratio.
- Seat swivels 360-degrees making it easy to enter and exit the machine.
- Large multi-grip handles with a soft, textured coating for a secure grip.
- Armrest height is easily adjustable and retracts when not needed.

## EASE OF ACCESS

Step-through design and 360-degree swiveling seat assembly provides an accessible and comfortable workout to all users.

Console	Large multi LED windows
Programs	Steps, Calories, Pulse, Time Elapsed, Time Remaining, Distance, Watts, METs, SPM, Level, Track, Program Profile
Heart Rate	Contact and Bluetooth compatible (chest strap sold separately)
